

Cumberland
Collective

Could you support people in
your community?

**We can help you
setup your own small
business today.**

Have you got a small business idea? Is it based on supporting people and communities across Cumberland?

The Cumberland Collective helps people across Cumberland build skills and talents to launch their own small business that care and support people and communities.

Do you have experience in:

- Caring for people in their homes?
- Hosting community activities?
- Running fitness sessions?
- Helping people with learning disabilities to learn new things?
- Helping people keep their homes clean and de-cluttered?
- Providing company and connection with others?

If you're based in Cumberland and have got an idea for your very own small business, we've got the team that can help you turn it into reality.
